Organized By:

JPN Apex Trauma Centre, All India Institute of Medical Sciences, New Delhi, India & Indian Society for Trauma and Acute Care (ISTAC), In association with World Coalition for Trauma Care (WCTC)

Dear Sir/Ma'am,

Warm Greetings from World Trauma Congress -2016

On behalf of Dr M.C. Misra, President WTC 2016, and the organizing committee, it gives us a great pleasure to inform you that J.P.N. Apex Trauma Centre, All India Institute of Medical Sciences, New Delhi is hosting the **World Trauma Congress 2016, the 3rd International meeting of WCTC to be held at New Delhi, India from August 17th through 20th, 2016** (www.wtcindia2016.org). The congress is being co-hosted by the Indian Society for Trauma and Acute Care (ISTAC) and the World Coalition for Trauma Care (WCTC). ISTAC has been actively involved in advancing the knowledge in the field of Trauma and Acute Care through education and research over the years.

The congress will bring together delegates and distinguished speakers from across the globe. Being a nascent speciality in major part of the world the congress would encourage young talent in this field to showcase their research work and experiences through various sessions. Such a summit would be incomplete without the active participation of various national and international societies/ Associations/ Groups/ NGO's working for the care of the injured worldwide. We solicit active participation of all such societies and collaboration by bringing in their members as delegates and faculty to this congress.

We have a pleasure to seek participation of your society/association in the congress. We would like you to organize a scientific session during the congress. The theme and details of the session need to be informed to the organizing committee for final approval at the earliest. We request you to kindly send us a high resolution logo of your Society/Association so that it can be displayed on the conference website and all other printing materials as partner organization.

We would also request you to provide a link of WTC 2016 website on your society website.
